

Since 1961, Boydens engineering ([www.boydens.be](http://www.boydens.be)) has been active as designers and consultants in technical engineering for construction installations of medium to large scale buildings, for public and private sectors. We have since become one of Belgium's leading independent engineering firms in the construction industry.

Together with more than 150 specialists from our offices in Vietnam, Belgium, Luxembourg, we work in close collaboration with key technical experts to form a team focused upon open and efficient communication.

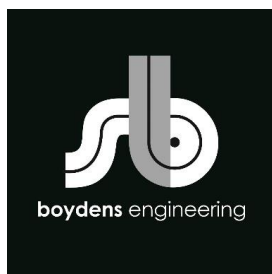

In order to strengthen our team **in Ho Chi Minh City**, we are looking for:

### **1 x Project Leader**

Question and CV (in English) please send to Ms. Dieu Anh ([anhdu@boydensvn.com](mailto:anhdu@boydensvn.com))

Application will be considered on a first come, first serve basis.

Only CVs to be selected for interviews will be in touch.
